Current issue date:	4 November 2023	Original approval(s):
Expiry date:	3 November 2026	ISO 9001 - 22 August 2008
Certificate identity number:	10572886	

Certificate of Approval

This is to certify that the Management System of:

MEL Aviation Limited

Trading as: The MEL Group
Laurence Walter House, Addison Road, Sudbury, CO10 2YW, United Kingdom

has been approved by LRQA to the following standards:

ISO 9001:2015

Approval number(s): ISO 9001 – 00015521

This certificate is valid only in association with the certificate schedule bearing the same number on which the locations applicable to this approval are listed.

The scope of this approval is applicable to:

The design, manufacture, repair and supply of audio communication devices, assisted listening devices and a range of associated products and accessories. Supply and repair of headsets, handsets and helmets from a comprehensive range of manufacturers, together with the specification and manufacture of a complementary range of headset accessories, leads and adaptors. Design, manufacture and repair of headset boom and hand held microphones and ancillary communications products. The manufacture and supply of electro-mechanical assemblies, printed circuit boards, electrical test equipment, electrical components, headsets, hearing protection (passive and active), hearing protection (custom Moulded) and communications equipment for military, civilian and industrial application. The provision of precision custom plastic injection moulding in both short order and high volume production including associated tool making for the aerospace, defence and industrial sectors. The supply and lifetime support of lifting, handling and aircraft ground support equipment for military, civil aviation, marine safety and general commercial markets. This includes the design, development and / or procurement, engineering support and project management of the lifting and handling equipment, together with the provision of training in the use and maintenance of all products. Design, manufacture and repair of aircraft ground support equipment for military and civil applications, including gaseous charging trolleys, portable charging kits, aircraft towbars, wing installation equipment, aircraft jacks, compressors, fluid replenishment trolleys and production of associated technical publications. The manufacture of precision components and tooling for the Defence, Aerospace and Commercial markets utilising CNC and manual turning, milling, spark erosion, wire erosion, grinding, jig grinding and fabrication.

This certificate is a continuation of a previous approval from another certification body as follows:
Previous original ISO 9001 approval on 22-AUG-2008, BSI certificate number FM 630754

Marta Escudero

Regional Director, United Kingdom and Americas (UKAM)
